Dear Sirs,

Re.: Russian Patent Application No. 5052280.13

We inform you that we have received a letter from the Examiner, in which he asks to support the new set of claims, as it seems to be substantially different from the original set.

We think there are no problems with the new set of claims compiled on the basis of the EP claims. The Examiner had just compared the new set with the original one, and, having found them different, he decided not to analyze the new claims, but asked for additional information.

We are ready to write a return letter to the Examiner, because the situation is quite clear to us. Nevertheless we ask you to check up and revise the following correspondence between the claims of the original and the new (EP) sets.

New claims	Original claims
1	(corresponds to the suggested C.1, revised)
2	8 or 17
3	(specification, six bottom lines on p.18)
4	(specif., lines 26,27 on p.19; lines 9,10 on p.24)

7 - ?	
8	5 or 18
9	9 or 19
10	29 (a)

New claims	Original claims
18	14
19	15
20	27
21	25 or 30
22	34

As you can see from the above table, almost all new claims were in the originally filed materials of the application. We have not found though a proper support for new claims 6 and 7. Therefore we ask you to check up the table and to give us the lacking information.

We look forward to receiving your return facsimile.

Your faithfully,
